MILLIONS NOW FACING STARVATION IN GERMANY FRANTIC APPEALS FOR HELP SENT TO THE ALLIES

DR. SOLF, FORMERLY AS SECRETARY OF THE GERMAN FOREIGN OFFICE, ARROGANT IN HIS DEMANDS, SENDS CALL FOR AID IN BEHALF OF MENACED COUNTRYMEN.

GERMAN FLEET MAY REJECT ARMISTICE AND DO BATTLE WITH ALLIED WARSHIPS

Holland May Intern the Wretched William Now, As Fugitive, an Unwelcome Guest in the Country of Queen Wilhelmina.

Defeated on the battlefields, deserted by their emperor and subjected to terms tantamount to unconditional surrender, the German people have made an appeal to President Wilson.

Conditions described as "fearful" prevail and Dr. W. S. Solf, the foreign secretary, says in his appeal that millions face starvation if the allies do not take steps to overcome the danger.

Mutinous sailors who are in control of most of the navy may even at this late date risk battle against the allied fleets rather than surrender their vessels under the terms of the armistice.

Wireless messages to the various units have been picked up calling upon the sailors to "defend the country against this unheard-of presumption."

The messages directed that the units assemble in Sassnitz harbor on the east coast of the island of Ruegen, off the Prussian coast.

HOLLAND TO INTERN WILLIAM

Holland is said to be preparing to intern William Hohenzollern and his son, the former Crown Prince, as well as other military officers who sought refuge with them by crossing the Dutch frontier. This action may prevent the former emperor from returning to Germany should events take a sudden turn, following the example of Napoleon.

Allied warships have entered the Dardanelles and British naval forces have occupied Alexandretta.

HINDENBURG A REVOLUTIONIST

Field Marshal Von Hindenburg who was reported to have fled to Holland with his royal master has joined the revolutionary forces. He has asked the soldiers' and workmen's council to send delegates at once to main headquarters.

Everywhere in Germany the momentum of the revolution which has swept the old regime out of power seems to be increasing. The great Westphalian industrial region is in the hands of the Reds while Pottsdam has surrendered to the forces who have taken over control in Berlin.

FRICTION DEVELOPING

There are evidences of friction between the military authorities and the soldiers' and workmen's council in many towns, the authority of the latter being questioned. It is reported that civil administrations have been provisionally organized where there is any danger of a conflict between parties.

BRITISH IN MONS

British forces reached Mons, Belgium, before the hour for the cessation of hostilities. This city has a sentimental interest to all British subjects for it was there that "Kitchener's contemptible army" had its first real baptism of fire in 1914.

AMERICANS CLOSE CAMPAIGN

The Americans closed the campaign in France by capturing the village of Stenay.

It is asserted that by supplementary declarations to the armistice it was agreed by Germany that in case the vessels stipulated in the armistice were not turned over within the specified time to the allied powers, the island of Helgoland might be occupied as an advantage to enable them to enforce the terms of the agreement.

YANKS RECEIVE CONDUCT ORDERS

With the American Forces in France, November 11.—Orders announcing that the armistice between the allied powers and Germany had been signed and giving di-

rections as to the future conduct of allied soldiers along the line were sent to every corps. They were transmitted to the units in the front ranks.

CHARLES I OF AUSTRIA ABDICATES

After More Than Two Hundred Years of Uninterrupted Reign Grip of House of Hapsburg is Loosed

Charles Had Splendid Opportunity but Failed in the Crisis

(By Associated Press Cable)

London, (8:46 a. m.)—Emperor Charles of Austria has abdicated, according to a Copenhagen dispatch to the Exchange Telegraph Company, quoting private advices from Vienna.

It is reported that a general strike will be declared in Vienna tomorrow.

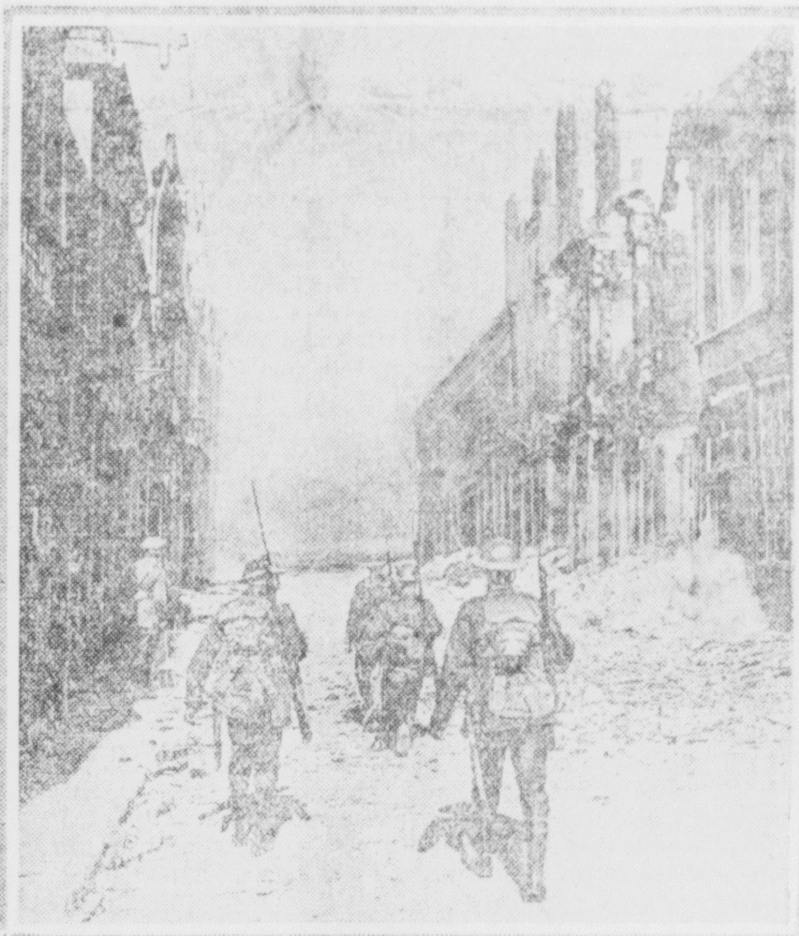

Victor Adler, leader of the Austrian Socialists, and foreign secretary in the German-Austrian cabinet formed at Vienna on October 31, is dead, it is reported.

Emperor Charles I of Austria, King of Hungary, was an unpromising major in an Austrian infantry regiment when the shot of the assassin who killed the Archduke Francis Ferdinand on June 28, 1914, made him the heir apparent to the throne in the "Hawk's Castle" on the banks of the River Aar.

Two hundred or more monarchs of this historic house of Hapsburg ruled for centuries the land of Magyar, Slav and Teuton—centuries of bloodshed, tyranny and aggression—and sleep their last sleep in the wonderful crypt of the Capuchin Church in Vienna. Emperor Francis Joseph, the aged predecessor of the youthful Charles, seeing "the handwriting on the wall," had hoped to unite the discordant elements among his 50,000,000 subjects whose racial antagonisms were complicated by the absorption by Austria of the Serbian provinces of Bosnia and Herzegovina in 1908.

Charles I was born August 17, 1887, the son of the late Archduke Otto of Saxony. He married the Princess Zita of the Bourbon house of Parma (Italian) in 1911. When the Nunc Dimittis was sung for his dead grand-

uncle, the Emperor Francis Joseph the only achievements of Charles brought to public notice were that he was a keen sportsman, an excellent shot and motorist. Frequently he was seen in the parks of Vienna wheeling one of his young dukes in a baby perambulator. When he acceded to the throne on December 30, 1916, Austria-Hungary was torn by four years of war, saw the first faint gleam of possible peace.

The course of the new ruler was regulated largely from Berlin and for the first six months of his reign Austria-Hungary was regarded as a mere German state. Hindenburg's successes in Galicia in 1916, in which Charles shared as a commander in the field, gave the young monarch a prestige which enabled him to hold the Austrians to the Central Powers until the collapse of Bulgaria and Turkey and the final crash. In October he announced plans for the federalization of Austria-Hungary and in an address to the Hungarian Diet frankly admitted his throne was in "peril." A day or two later Count Karolyi, leader of the Hungarian republicans, announced the success of a bloodless revolution in Budapest and declared Hungary a free and independent state. Still later the German and other provinces declared their purpose to become autonomous entities and the House of the Hapsburgs

HOOVER PREDICTS EUROPE FAMINE

By Associated Press Dispatch.

Washington, November 12.—The nation's obligation and opportunity to serve stricken humanity in war-torn Europe by helping to provide sustenance until the next harvest will demand further sacrifices of the American people, Food Administrator Hoover declared today in an address at a conference here to State Food administrators.

"Conditions of famine exist in Europe," he said, "that will be beyond our power to remedy even with the carrying out of our plan to ship from the United States 20,000,000 tons of foodstuffs during the next year."

GERMANS IN FEAR OF STARVATION SEND PLEA

Officials Believe Germans Are Unduly Alarmed

Notwithstanding Germany's Brutal Treatment of Victims, Allies Will Not Permit People to Starve

Messages Assuring People of Humane Intentions May be Sent

By Associated Press Dispatch.

Washington, November 12.—The appeal of Dr. Solf, foreign secretary at Berlin, for intervention by President Wilson to mitigate the "fearful conditions" of the armistice which he says threatens starvation and ruin in Germany, had not reached Washington today in official form.

The text of the message as picked up last night, however, was given to the President and it may be given immediate consideration.

Officials say Dr. Solf is needlessly alarmed. They point out that in spite of Germany's treatment of conquered peoples in her hour of victory it had been made very plain that the United States and the allies have no intention of permitting the German people to starve.

While every stipulation of the armistice terms must be kept in force to prevent the possibility of treachery by the beaten armies, it is declared such rolling stock and ships as may be necessary to provide food and other materials will be put into use in Germany.

In view of the situation in Germany where outside aid may be necessary to prevent anarchy, it is possible that the President may see fit to take up with the allied governments the question of giving some kind of reassurance as to the humane purposes of the associated powers.

AUTO BUILDING BACK TO NORMAL

By Associated Press Dispatch.

Washington, November 12.—Manufacture of passenger automobiles after January 1st, the date fixed for 100 percent curtailment, is likely to continue because of the sudden collapse of the war and the consequent expected lessening of the government's steel demands. This intimation was given today by the War Industries Board.

URGE HASTE IN FRAMING PEACE PACT

(Associated Press Cable)

London, November 12.—(4:00 p. m.)—Germany has requested the President of the United States, according to a German wireless message from Berlin, to arrange immediately for the opening of peace negotiations; there being a pressing danger of famine.

The message was sent by Foreign Secretary Solf to Secretary of State Lansing. It said:

"The armistice being concluded the German government requests the President of the United States to arrange for the opening of peace negotiations. For the purpose of their acceleration the German government proposes first of all to take into view the conclusion of a preliminary peace and asks for a communication as to what place and at what time the negotiations might begin."

"As there is a pressing danger of famine the German government is particularly anxious for the negotiations to begin immediately."

SOLF'S APPEAL REACHES WILSON

By Associated Press Dispatch.

Washington, November 12.—The appeal of Dr. Solf, foreign secretary at Berlin for intervention by President Wilson for mitigation of the armistice terms to save Germany from starvation was delivered to Secretary Lansing today by minister Sulzer, of Switzerland. It was sent immediately to the President.

IMPRESSIVE SERVICE PRECEDES BURIAL OF MRS. JOHN McDONALD

St. Colman church was quite inadequate to hold the great number of people who desired to honor Mrs. John McDonald by attending her funeral services at nine o'clock Monday morning and who poured into the church in a continuous stream for some time before the appointed hour. Sorrow, which pressed heavily upon the assemblage was shared by this entire community, of which she had, through her steadfast soul, her courageous spirit and her useful life, become a necessary part. Not alone to her family, but to a legion of friends will the memory of this woman, fearless and faithful in death as she had been in life, remain an inspiration. Most impressive was the Solemn Requiem High Mass, with its sad and appealingly beautiful music. Rev. Father Thomas Fogarty was the Celebrant of the Mass. Rev. Father D. M. Malpin, of Chillicothe, Deacon, and Rev. Father J. M. Deanning, of Marion, Sub-Deacon. Rev. Father Martin Molloy, of Loveland, was the soloist and Mrs. Wm. E. Smith pianist. Father Fogarty followed a short talk on "Death by an eloquent appreciation of beautiful and perfect life of Mrs. McDonald—impressing her conscientious devotion to home, church and charity, living such a life that well prepared her for the eternal emancipation.

The same sad circumstances attended the burial of the mother as did those of the daughter, part of the family again being detained at home by the prevailing illness. The pall bearers were Mayor V. J. Dahl, Messrs. M. J. Hagarty, James Hagarty, P. J. King, J. E. Ducey and Pvt. W. Emmitt Pasmore, of Camp Sherman.

The floral remembrances were magnificent and in great number, including very beautiful designs from Mr. John McDonald and children, Mr. Frank Focke and children, of Dayton, the Fayette Grain Co., the McDonald Co., employees of the Fayette Grain Co., employees of McDonald Co., the Washington Milling Co., Fayette Co. RED CROSS SALE VERY SUCCESSFUL

The Red Cross sale of the small frame office structure which was donated to the Red Cross by Hoggson Brothers, of New York, held Saturday afternoon proved a thorough success, and the building, which was auctioned off by Mayor V. J. Dahl, netting \$275, the final bid being made by M. L. McCoy, who paid \$126 for the structure. The building was sold time after time for a small sum, and each time turned back in to be sold once more, the final bid being \$126.

Two goats were auctioned off by Col. R. T. Scott, and time after time the goats were sold and resold until they had netted a total of about \$175. Fred Howard and Jim Duckwall being the final owners of the animals.

ALIENS DEPRESSED BY HAPPY PEACE CROWD

New York, November 12.—Thirty-eight dangerous enemy aliens from New York, Utica and Rochester, sentenced to internment "for the duration of the war," were taken from the tombs prison today and sent to Fort Oglethorpe, Ga. They were joined by 21 others at Trenton, Philadelphia and Baltimore.

The Germans seemed greatly depressed when, guarded by armed soldiers, they passed through jubilant throngs in the streets shouting their pleasure over the allied triumph. Among the prisoners were Gustav Stahl, who falsely swore he saw guns on the Lusitania; Julius Permitter, former president of the Transatlantic Trust Company; Arthur F. F. Motiwurf, Dr. Robert Pabst, Herman Seibohm of the seized Bayer Company and Otto Fritzsche, who said he "would do anything for the kaiser."

Washington C. The day passed off in one round of enthusiasm, with the usual routine abandoned and men, women and children turning out in mass from every part of the town and county—thousands of celebrators as well as a continuous procession of autos blocked traffic and kept up deafening racket—blowing horns, using every device that would make a noise and add to the excitement. But the great crowd, swelling to between ten and fifteen thousand people, and solidly massed from end to end of Court street with hundreds on the side streets of the line of

march, quieted down when the big afternoon parade started and there was no noise save the cheering and enthusiasm aroused by its features.

Never in the annals of Washington has there been such a parade—to be sure there has never been such occasion for it and the confirmation of Germany's surrender set everybody wild. Every organization responded to the call to enter the parade, business men, women and children eagerly came forth and the result, under masterly direction, was amazing. The greatest crowd that was ever congregated on our streets watched the biggest parade on record—watched it for over an hour with unflagging interest. The only gloomy faces in the crowd were those of the disappointed boys, some in khaki and some in ordinary clothes, who knew their dream of participating in the big fight was over.

Parade Starts—A Blaze of Color

The parade was delayed by an auto truck accident which prevented the troops from Chillicothe reaching here in time and being each moment expected, but before three o'clock martial music stirred the air and the parade was on.

Washington has never witnessed such a display of flags and the scene down Court street was one great wave of pulsing color—flags floating from every building and every home to greet those borne aloft by every marcher and waving in matchless glory from every float and car—fitting indeed it was that our proud flag which had played so big a part in the victory should dominate the "victory celebration." Shouts of joy broke through the crowd as the procession started—its massed flags leading, a riot of color, fluttering in the brilliant sunshine of the crisp autumn day and the Washington band playing as it had never played before the new songs of this war and the national songs that are a part of our life.

And with the effigy of the Kaiser hanging high and the deep tones of the bell mingling with the shouting of the crowd, the parade passed triumphantly down the streets, including in its ranks the "Boys of '61" the men of the Fayette County War Chest, who had played such a big part in Fayette's activities, the women of the patriotic organizations, the garb of the Red Cross lending an effective touch to the line, men of business and the lodge, great trucks jammed with young life, whooping with joy as they tossed their flags, hundreds of patriotically decked autos and special features that delighted the crowd.

Features of the Parade.

A beautiful idea, complimentary to our boys "over there" was carried out as a most effective lead in the parade. In massed formation were the original flags of "Company E and Company M," our two military companies now merged into one and a part of the Rainbow Division, sur-

rounded by a "guard of honor" composed of the G. A. R. flags, and the flags of all of Fayette's fraternities.

Following the brilliant group of flags rode the Marshal of the Day, Jess W. Smith, preceding the Fayette War Work Council, numbering two hundred men of town and county and making splendid showing.

Washington's Military Band led by Rankin Paul, an imposing drum major, led the way for the Women's Division, preceded by the officers and department heads of the Red Cross Surgical Dressings and the Woman's Committee of the Council of National Defense. The white uniforms, marked by the red cross worn by the Red Cross and Surgical Dressings workers, and the red, white and blue caps of the Women of the Council lent vivid notes of color and the distinctive touch of woman's patriotism.

The Sunnyside R. C. unit, which has done remarkably good work, was represented by a beautiful float of the stars and stripes, over which waved the Sunnyside service flag bearing 85 stars.

The "Red Cross dog," draped in flags, marched with the workers.

The Daughters of the American Revolution, the original woman's patriotic organization, were led by "the Minute Men" in Colonial costume, playing the life and drum, and making an effective picture from the days of '76.

There was a fine turnout of the Elks and after them marched the Washington Milling Co., and business men.

The Civil War veterans rode in autos and were preceded by the Boys' Drum Corps and followed by a genuine old time stage coach. Mayor Dahl and the fire department truck led the way for the truck division, which, showing an astonishing amount of unique and effective decorating for the short time allowed, covered over half a mile when in double file. The march proceeded the J. W. Willis Lumber truck with 75 people waving flags on a huge walnut log. Pyley's storage truck, Pythian Sisters; Washington Ice Co.; Thompson's Transfer Co.; six of Dahl-Campbell's huge trucks; delegation from Bloomingburg in gayly decked autos; Chas. Pine's transfer truck; Dale's furniture truck; Jeffersonville's delegation of autos, all in patriotic array; Fayette's Children's Home; Fayette Lumber Co.; Marion township school; Union township school; Paint's centralized school; Brownell's Packing Co.; The Haynes Furniture Co.; W. W. Wilson truck; O. D. Marchant truck; Washington Lumber Co.; Fayette Creamery and a number of private autos, showing original and clever decorating.

Of course there were humorous features, conspicuous among them the "Kaiser's Goat," as meek as Moses, led by D. H. C. Boen and William Sheets, and the "Jazz" band of promising youngsters.

It was sure the biggest parade and the biggest day Washington ever saw, and reflected great credit upon the War Work Council in complete charge. Jess W. Smith, at the Council's solicitation, Marshal of the day, achieved pronounced success in the directing and carrying out of the big parade and is having all kinds of bouquets handed to him. He was assisted by Captain Chas. Allen, chief of staff, and Aides Harrison F. Brown, H. Renick Boggs, C. H. Griffith, H. E. Daugherty, Forest Tipton, H. C. Ireland.

Bell That Napoleon Rung Sounds

In Parade.

Among the bells that rang in the parade was one that was rung by Na-

oleon as he passed through Bavaria on the way to Moscow. By some lucky chance it had fallen to the father of Miss Barbara Hay of this city, who was then a twelve-year old lad in a Bavarian village. He brought it with him to this country and it was rung in the celebration following the Civil War and added its peal Monday to the rejoicing which proclaimed victory over the country from which it had been brought.

After Parade by Soldiers From Camp Sherman.

General Smith, of Camp Sherman, had promised the War Work Council to send a company of a hundred and ten soldiers and a Bugle Corps over from Camp Sherman to take part in the parade. Coming over Bray's Hill one of the big trucks carrying them met with an accident and although the parade was held back, the soldiers arrived some little time after it was over. Marshal Smith and the band went out to meet them and a line was formed for an after parade, ending up at the court house square where speeches were being made. Following rousing patriotic speeches by Hon. J. D. Post, Frank A. Chaffin, Judge Joseph Hidy, Rev. D. H. Barre and Rev. Rejy, the troops gave a fine drill on the court house lawn, and finished it with the bugle call. A much enjoyed feature was the singing of the Marseillaise in French by an Italian soldier.

The troops then adjourned to the Cherry Hotel square where a large drill was given and, the climax of the day reached when the soldiers "stood at retreat" just as the sun was setting and, with the crowd of people standing bareheaded the strains of the Star Spangled Banner floated on the air. It was an impressive and ideal close to a never-to-be forgotten day.

FINAL CEREMONIES

The final ceremonies—a fitting benediction to the day of days—were held at Grace M. E. Church at 7:30 o'clock in the evening, in the nature of patriotic service presided over by Chairman Daugherty, of the Fayette County War Work Council, and largely attended.

The Washington Band, accompanied by the 100 soldiers from Camp Sherman, added to the enthusiasm of the meeting. Stirring speeches were made by Rev. McWilliams, Hon. C. A. Reid, Rev. Grove and Hon. John G. Price, of Columbus, Attorney General-elect, and an orator of note. The speakers were frequently interrupted by outbursts of applause by the happy audience.

The address of Mr. Price was a masterpiece of eloquence and met with ready response by loud applause.

It was impressed upon the audience that the coming of peace has not exempted anyone from doing his or her full share in continuing to furnish aid in making the life of the soldiers bearable and extending assistance to the wrecks of humanity who are numbered by the millions, left in the wake of the war.

The playing of martial and patriotic airs, and the singing of the High School Glee Clubs were features of the evening. Especially beautiful and effective was the solo "God be with our boys tonight," sung by Miss Dorothy Rogers as the soldiers marched from the church. Miss Rogers' lovely contralto voice has rarely been heard to better advantage.

SOLDIERS FROM CAMP SHERMAN IN CELEBRATION

One hundred officers and men from the Second Development Battalion, Camp Sherman, took part in the big celebration in this city Monday, but a mishap on Bray's Hill, near Frankfort, where a truck with forty men was turned into the side of the hill when the truck started to race down the hill out of control, delayed the soldiers so that they did not reach the city in time for the big parade.

The troops reaching this city rather late in the evening stopped on South Fayette Street, where they were met by the Washington Band and escorted about the city. The boys in khaki were given a hearty welcome as they marched through the principal streets of the business section.

On North Main Street the soldiers gave an interesting drill which was witnessed by 2,000 to 3,000 persons, and at the conclusion of the drill the "retreat" was sounded and lined up in perfect order, with Lieut. H. W. Moore in charge, the soldiers stood at attention and the officers at salute while the Washington Band played The Star Spangled Banner.

The soldiers were then marched to the Cherry Hotel where they enjoyed an elaborate dinner, after which they were marched to Grace Church where the patriotic services were held, and then disbanded for the evening.

The average citizen, as he watched the work of the soldiers, did not realize that every soldier in the group was "made over"—that when they were sent to camp they were really physically unfit, but through development all are virtually perfect physically. The troops are just a few of those developed under the direction of Major Leroy Smith, who takes just pride in his work, and has brought thousands of medical defectives into first-class soldiers by proper development, physically and mentally.

On the return to Camp Sherman one of the motor trucks bearing the soldiers was wrecked near Austin, and it was four o'clock before they reached Camp Sherman.

News of Interest to Women

The "pep" of the younger set outlived Monday's joyous celebration and found ample opportunity to vent itself in the highly successful informal dance of the evening at the K of P. hall. There was a large attendance and a goodly number of the soldiers over from Camp Sherman participated.

Through incandescent bulbs shaded with scarlet, a rosy light enveloped upon the dancers and gave added beauty to the scene.

The floor was as smooth as wax could make it, and spirited music that made dancing a delight was furnished by Miss Mary Ellen Briggs at the piano, Messrs. James Hagerty and William Henry Edwards, string-

instruments and Tom Murray, drums. The merry dancers "one-stepped" until the midnight hour, the strains of Home Sweet Home arousing keen regret.

At the annual election of the O. E. S. Royal Chapter No. 29, Mrs. May F. Rodgers was elected, Worthy Matron; Mr. Walter Herron, Worthy Patron; Mrs. Amelia Weddell, Associate Matron; Mrs. Margaret Colwell, Secretary; Miss Vera Veail, Treasurer; Mrs. Rebecca Bay, Conductress; Miss Lulu Rowan, Assistant Conductress; and Dr. W. E. Robinson, Trustee.

Mr. Robert Thomas Wright, son of Mr. and Mrs. W. A. Wright, of Staunton, and Miss Metta Elizabeth Smith daughter of Mr. and Mrs. William Smith, of Staunton, were united in marriage, Sunday afternoon at one-thirty o'clock by Rev. Arthur P. Cherrington at the Grace Methodist parsonage.

After a short motoring trip, the young couple will be at home to their numerous friends, at the bridegroom's parents until spring, when they expect to go to housekeeping.

The United States food administration classes overeating as one of the most prevalent forms of wastefulness. One should obtain sufficient nourishment from the eating of well-balanced meals, and the eating of any more food is just as wasteful as if that food were to be thrown away. In fact, it is more of a waste, because of the extra energy which is used in the digestion of that food.

Had you thought of that afternoon cup of tea or that treat at the soda fountain or that nibbling between meals as overeating? It is overeating if your meals are well-balanced. The first two forms may have been indulged in to accompany a friendly chat. But wouldn't you have enjoyed the company of your friend just as much without this overeating? Nibbling between meals is just a habit, and those addicted to it usually nibble on food rich in the food principles which are supplied in sufficient quantities at meal time. Unless one is serving well-balanced meals, this waste of overeating may occur at meal time. For the sake of your own good health, as well as for the sake of the government, plain well-balanced meals for your families. Have but four wheels to your war time wagon instead of five.—Ohio State Journal.

WINE PRICES FIXED.
(By Associated Press Cable)
Paris, November 12.—In the department of the Seine and Oisne the authorities have fixed the price of ordinary wine with a view to preventing soldiers from being the victims of exploiters who have been making them pay fancy prices. The liter (pint and three-quarters) of red wine was limited by decree to 32 cents and white wine to 36.

The measure has not been entirely a success, as may be seen from the notices which have been put up in many places in the departments: "Red wine, 32 cents; attendance, 10 cents." "White wine, 36 cents; attendance, 10 cents."

RED CROSS ACTIVITIES

THE WORK OF THE RED CROSS IS NOT FINISHED

"Carry On" is the key-note of a Red Cross statement of policy just issued by national Red Cross headquarters in view of the apparent nearness of peace.

This statement is probably the most important Red Cross document issued in recent months.

It reads: "On February 10th last year, nearly six weeks before the United States declared war, National Red Cross Headquarters advised its chapters to prepare for war. That which has followed in the record of the Red Cross in helping to win the war and to relieve the suffering growing out of it, constitutes something of which every American citizen has a right to be proud. Every American Red Cross worker should feel a sense of gratitude in having had a share in it all.

The moment now has come to prepare for peace. Actual peace may come at any moment; it may be deferred for some time. Until peace is really here there can be no relaxation in any Red Cross effort incident to active hostilities.

But even with peace, let no one suppose that the work of the Red Cross is finished. Millions of American boys are still under arms. Thousands of them are sick or wounded. Owing to the shortage in shipping it may take a year or more to bring our boys home from France. But whatever the time, our protecting arms must be about them and their families over the whole period which must elapse before the normal life of peace can be resumed.

Our soldiers and sailors are enlisted until the Commander-in-Chief tells them there is no more work for them to do in the war. Let every Red Cross worker and member show our returning soldiers and sailors that to care for their health, welfare and happiness we are enlisted for no less a period than they are.

The cessation of war will reveal a picture of misery such as the world has never seen before, especially in the many countries which cannot help themselves. The American people will expect the Red Cross to continue to act as their agent in repairing broken spirits and broken bodies. Peace terms and peace conditions will determine how we may best minister to the vast stricken areas which have been harrowed by war and in this great act of mercy the heart and spirit of the American people must continue to be mobilized through the American Red Cross.

On behalf of the War Council, we accordingly ask each member of our splendid body of workers throughout the land, to bear in mind the solemn obligation which rests upon each one to "carry on." We cannot abate one instant in our efforts or in our spirit. There will be an abundance of work to do and specific advice will be given, but even at the moment of peace, let no Red Cross worker falter.

Our spirits must now call us to show that it is not the roar of cannon, of the blood of our own alone that directs our activities, but that a great people will continue to respond greatly and freely to its obligation and opportunity to serve mankind.

B. F. BROWNE,
Division Manager.

Last year the Red Cross received \$63,000 from the National Horse Show in New York and this year, with the change of beneficiaries and the aid of the big drive, it is expected that \$100,000 will be realized.

This year the Red Cross has relinquished its right to the entire receipts so that the exposition might be a 100 per cent benefit for the United War Work campaign.

ROLL OF HONOR

The end of the war does not mean that the casualty lists cease immediately, because the war department apparently is weeks behind on announcing the casualties, because of the length of time required to compile the information and announce it with accuracy, so that the casualty lists will continue for several weeks.

HORSE STEALING GROWS.
(By Associated Press Cable)
Zurich, November 12.—Horse stealing in Vienna has increased to such an extent that several firms have been forced to give up business. A good wagon team now is worth from \$5000 to \$6250. Some firms have lost as many as a dozen horses, as well as wagons, and thefts continue daily in the streets. The stolen horses are usually sold to slaughter houses.

A recent order forbids the publication of market prices of horses for slaughter, but the last reports priced them at \$1000 to \$1500 each.

JOBBS FOR CONVICTS.
(By Associated Press Dispatch)
Charleston, W. Va., November 12.—
It is likely that West Virginia will
be one of the first states to utilize
idle convicts on essential war
labor. Announcement has been made
by Charles M. Browne, labor super-
visor for the railroad administration,
that male prisoners in Moundsville
state penitentiary probably will be
put on track work and other con-
struction work being done by and for
the government; permission to take
convicts from their cells for this pur-
pose having been granted by the state
board of public works. There has
been much agitation favorable to put-
ting convicted prisoners on work
which is lagging because of insuffi-
cient men to perform it.

Reports of the local employment
offices for the week ending October
26, showed a discrepancy of 5,000 be-
tween the number of persons apply-
ing for jobs and the number placed.
This ratio has been maintained for
several weeks past.

“It can not be said that all of these
represent the ‘floater’ type but expe-
rience has proven that there is a
sizeable number of them,” said an
employment service official today.
“Inability of our offices to obtain a
complete check on men referred to
positions explains a part of this dis-
crepancy.”

Ten thousand workers—9,964 to be
exact—were placed during week
mentioned out of 15,011 who applied
for work and of 12,371 who were re-
ferred to jobs. Requests for help to-
talled 17,974 of the number applying
for work, 11,374 were men and 7,655
of those placed were men.

In the women’s division 3,363 ap-
plied, 2,983 were referred to posi-
tions and 2,309 were placed. Re-
quests for female help reached 4,828.

CHICAGO FIRM MAKES RECORD

(By Associated Press Dispatch)
Chicago, November 11. — Back in
1907 when the world was at peace,
shipbuilding on the Great Lakes had
developed to a point where some ex-
perts were inclined to characterize the
industry as overdone. There seemed
to be more than enough bottoms to
move available cargo. A few con-
cerns saw what they thought was
handwriting on the wall and converted
their shipbuilding yards into repair
yards.

Among these was the Chicago Ship-
building Company, which was almost
wholly unprepared when the govern-
ment sounded the call for “Ships and
more ships.”

Then the second transformation
came. Almost overnight the yards of
the company became alive with re-
newed activity. Huge timbers formed
the skeletons of new buildings; trains
steamed in with additional machinery
and the working force was doubled
and redoubled.

Hence, before navigation closes late
this month, these yards, although tiny
when compared with Hog Island and
the great shipbuilding yards that
fringe the Pacific, will have delivered
thirteen sea-going vessels to the
Emergency Fleet Corporation. Ten already
have been delivered and three more
are in the water being completed.

WAR INDUSTRIES LISTS REVISED

(By Associated Press Dispatch)
Washington, November 12.—The
war industries board today nearly
completed revision of the priority
list at least partly removing restric-
tions on non-war activities and re-
scheduling industries to the new situ-
ation arising from the end of the war.

Railroad and shipping it is expect-
ed, will be placed at the top of the
list and munitions at the bottom.
The revised list will probably be
made public tomorrow.

WILLIAM’S STATUE.
(By Associated Press Cable)
Paris, November 12. — During revo-
lutionary disorders at Cologne a
crowd tried to demolish with machine
gun fire a statue of William II but
finally contented itself by muffling up
the statue and placing upon it a card
inscribed “A Good Journey.” It is
reported that Prince Henry of Prus-
sia has fled to Denmark, taking with
him his personal fortune.

NATIONS TURN TO TASKS OF RECONSTRUCTION

Immediately Ahead is a Peace
Council and Court of Justice
for Guilty Men and Nations

(By Associated Press Dispatch)
Washington, November 12.—Ameri-
ca today turned toward the ways of
peace.

With the military strength of the
Central Powers shattered and hostil-
ties ceased under terms of surrender
that preclude a renewal of the great
struggle, the United States with the
associated governments today took up
the problem of reconstruction.

Immediately ahead, however, diplo-
matic Washington saw the peace con-
ference—the world court of justice—
before which Germany, as the chief
criminal, with Austria, Turkey and
Bulgaria will stand as prisoners at
the bar.

THE EX-KAISER IS IN HOLLAND

(By Associated Press Cable)
London, November 12.—Wm. Hoh-
enzollern, the former German emper-
or, arrived Sunday at Count Ben-
tinck’s chateau at Velp, near Arnheim,
according to advices to the Daily Ex-
press dated at Velp.

An Amsterdam dispatch to the Daily
Express dated Sunday says that the
German emperor is ill at Potsdam and
that the former crown princess is at
her bedside.

EXPECT MORE TUBERCULOSIS

(By Associated Press Dispatch)
New York, November 11. — Fearing
a rapid rise in the death rate from
tuberculosis, as a result of the influ-
enza epidemic, the National Tubercu-
losis Association has issued a special
statement warning the public of the
danger.

Experience in previous epidemics
has clearly indicated, the Association
points out, that the death rate from tu-
berculosis may be expected to be in-
creased by at least ten percent with-
in the next two years as a result of
the present epidemic, unless proper
precautions are taken.

Influenza, it is stated, greatly re-
duces one’s physical vitality, and low-
ers one’s resistance to disease. This
opens the way for tuberculosis.

ILLUMINATE

(By Associated Press Dispatch)
Washington, November 12. — All
lighting restrictions, except where
current is generated by domestic use
of anthracite, were lifted today until
midnight, November 18th, to permit
illumination for the United War Work
Campaign.

INSURRECTION

(By Associated Press Cable)
Paris, November 12.—A general in-
surrection has broken out in Monte-
negro, the Temps says.

T. R. HAS SCIATICA.
(By Associated Press Dispatch)
Oyster Bay, November 12. — After
suffering great pain for the last 10
days from an attack of sciatica, Col-
onel Theodore Roosevelt was re-
moved today to Roosevelt Hospital,
New York, to be near his physicians.
He has been confined to his bed for
more than a week but has been as-
sured that by going to the hospital
and being under treatment there will
be able to get about in a short time.

RATES REDUCED

(By Associated Press Dispatch)
Washington, November 12.—Treasury
advises today recommended to
Secretary McAdoo that war risk in-
surance rates on hulls, cargoes and
seamen’s lives be reduced 75 percent.

FIND LITTLE CRIME.

(By Associated Press Dispatch)
Columbus, O., November 12.—In
comparison with other big demon-
strations, though none ever was as
big in Columbus, yesterday’s cele-
bration of the signing of the peace
armistice gave police much less
trouble than had been anticipated.

When the alarm became general
in the morning every available po-
liceman, of both night and day
shifts, was pressed into immediate
service. Shortly after saloons were
ordered closed and to this largely is
attributed the good order.

WOULD PASS DRY ACT.
(By Associated Press Dispatch)
Washington, November 12.—Efforts
to obtain final passage by Congress
of the war-time national prohibition
bill, effective from next July 1, until
the American army is demobilized,
will not be abandoned because of the
conclusion of hostilities. Senator
Sheppard, author of the measure, and
others of its supporters said today.
The agricultural appropriation bill
containing the prohibition provision
is now held up in conference owing
to differences between the senate and
house on the rent profiteering

NOW LET US COMPLETE OUR WORK.

Fayette county has done gloriously in every effort that has been asked of it in the government service.

The great patriotic spirit of its people has shown forth magnificently in every call of the nation.

Hundreds of its men have gone forth to war. Hundreds more are ready to follow with an equal spirit.

Those at home have proved again and again the united spirit that has placed all their resources at the disposal of the nation, battling for the freedom of mankind and the full realization of the immortal Declaration of Independence—the charter of the great republic.

Liberty Loan issues this year have gone over in a way that has proved an inspiration to the men in the mud-soaked trenches of France, and to the earnestly laboring patriots at home.

EARN OUR RIGHT

We shall have earned our right to be known as 100 percent patriots when we accomplish just one more task.

There remains of the year's program just one more big thing—the selling of our full quota of War Savings Stamps.

Twenty-five of the counties in Ohio have preceded us in this patriotic endeavor. They have gone over with a surplus, and placed themselves on record as complying fully with all government requests.

Fayette County's 1918 War Record

First, Second and Third Liberty Loan over-subscribed.

War Chest away over.

Red Cross and Y. M. C. A. over the top.

Fourth Liberty Loan away over.

War Savings Stamps—let's finish the record in 30 days.

War Savings Stamps

Are an absolutely safe investment.

They pay good interest—4.27 per cent.

They are nontaxable.

May be quickly converted into cash at full valuation.

Are the first of the war obligations to be redeemed.

Just as advantageous in small sums as in large.

Protect your future and aid your country.

NEAR TO SUCCESS

Fayette county is \$100,000 short of the quota. The remainder may be raised at any time the people give their attention to the fact that the War Savings Stamps are just as much a part of the government financing operations as the Liberty Bonds.

Now let the people of this county take this upon themselves with the same spirit of loyal co-operation that has won the commendation of the country and aroused the pride of the people of Fayette county.

IT'S UP TO YOU

Put the application right up to yourself.

If you have a pledge outstanding, take it up. Establish the record of this county as 100 percent.

If you have bought stamps before, BUY AGAIN. We must go over.

War workers will start this final drive Wednesday morning, November 13th. Be ready when called on and buy your limit.

And if you have only promised yourself that you would do what your country asked of you, make that promise an accomplished fact.

There remain enough days in this year to put Fayette county over. Our united effort will do it.

Are you with us?

Then Put It Over In 30 Days

Fayette County War Savings Committee

G. B. Rodgers, Secretary.

M. S. Daugherty, Chairman.

Do It Now

Think of some article around the house you never use and are not likely to ever need again; some furniture or clothing you have put aside and is really a bother to have in the house. There is someone who could use these to advantage and would be willing to pay a good price if they only knew they were for sale. Insert a small For Sale ad in The Herald tomorrow and dispose of these articles; you can use the money to better advantage.

The cost to you is but slight and these little "want ads" are truly wonderful workers.

DON'T SUFFER WITH NEURALGIA

Use Soothing Musterole

When those sharp pains go shooting through your head, when your skull seems as if it would split, just rub a little Musterole on your temples and neck. It draws out the inflammation, soothes away the pain, usually giving quick relief.

Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister.

Many doctors and nurses frankly recommend Musterole for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet—colds of the chest (it often prevents pneumonia). It is always dependable.

30c and 60c jars; hospital size \$2.50.

AIRPLANES WILL SPAN SPACE IN NEAR FUTURE

(Associated Press Correspondence)
London, October 30.—America will become within reach of England in a day and a half and the time will come when an Englishman in New York will see his London paper the morning after its publication" said Handley Page the airplane constructor, recently.

He prophesied that immediately on the declaration of peace it would be possible to begin an air service between Marseilles and London with a single stop at Paris for an overhaul and taking in gasoline. Mr. Page continued:

Constantinople could be reached in twenty hours, Rome in twelve and a half hours, and Marseilles in eight," he said.

"An 800 mile service could be run at a profit, both for mails and passengers, at a rate but little in excess of that at present in force.

"I base my calculation on the use of a medium-sized machine making non-stop flights of 400 miles. Each would carry 4,400 pounds of revenue earning load. There would be first class aerodromes at each end of the route, and another in the middle. Second-class aerodromes would be provided every 100 miles.

"A minimum service of six machines each way per day could be provided for a capital of under 500,000 pounds. The annual cost would be under 600,000 pounds.

Y. M. C. A. WORK VITAL
The following letter was received by the Chairman of the Y. W. C. A. War Work Commission.
My dear Mrs. Cushman:
I want to take this opportunity to tell you how vital we regard the work of the Young Women's Christian Association, in its relation to the programs of Commission on Training Camp Activities. The "Hostess House" idea, which your organization introduced, has become an essential factor in the life of all our training camps, and your positive work with young girls in the neighborhood of our training centers has contributed materially to the really creditable conditions which now exist. I have no hesitation in saying that the work of the War Department, in its attempt to rationalize the environment of our army camps, would suffer considerably if it were not for the splendid efforts of the Young Women's Christian Association. The spirit of your organization has been so generous and unselfish from the start that it has been a genuine pleasure to cooperate with you in carrying through our mutual program.

Please do not hesitate to call upon us if we can be of any assistance to you.

Chairman Commission on Training Camp Activities.

PEACE

Bells are ringing, whistles blowing. Glad shouts ring upon the air; Flags are waving, banners floating. Peace, sweet peace, they all declare.

In each heart there is rejoicing That the cruel war is o'er, That the brave lads that are fighting May come back to us once more.

That the world will be united In an endless chain of love, And the ruler of all nations May be God from up above.

Down upon our knees we thank Thee, God of love, of right, of peace, That our enemy is conquered, That you helped us win release.

Still be with us, guard and help us, Help us right each cruel wrong, So that peace will reign forever, Peace shall be a world-wide song. —May M. Duffee, Washington C. H., Ohio, November 11th, 1918.

COLLEGE TOWN IN THE LEAD

Newark, O., November 11.—The village of Granville, Licking county, lays claim to having made the most enviable War Savings Stamp sales record of any community of its size in the country. Licking county has completed its yearly quota of War Savings Stamps. C. H. Spencer, publisher of this city, is W. S. S. chairman for this county.
